USE CASE OF \$GTP TOKEN

\$GTP is the governance token of the GHOST Ecosystem, it is a deflationary token with multiple usecases -

- \$GTP will be the native token of the GhostPad ecosystem
- \$GTP will be bought back from revenue generated from the ecosystem
- All \$GTP stakers and farmers will be entitled to lucrative APY on their staked tokens
- Exclusive tier benefits for \$GTP stakers which includes governance rights, rights to vote and exclusive access to top sales on the Launchpad.

How to Apply For Launch?

To apply for launch please fill out the form at the bottom of our website and some of our representatives will contact you incase your project meets up to our criteria.

Fee Structure

The fee structure of GhostPad will be lowest as per industry standards, we charge 0% token from project owners, the only fee structure is 1% of the total raised amount, no strings attached.
